In 2019 Brad Chambers consulted and assisted on our Parks and Recreation Comprehensive Master Plan in Salisbury. Throughout the process Brad was extremely professional, brought recreation industry experience and was accessible via many forms of communication all the way through the project. Brad's experience was a plus in the area of department operations, maintenance planning and budgeting, in program cost recovery, and repurposing of existing facilities.

During the length of the planning process his insight and availability to meet our needs in our community for information gathering meetings, events, or any other matter pertaining to the project was a definite plus.

Brad's professional and personable approach makes what he does more meaningful to his clients and the communities they serve. I would recommend Brad Chambers for any future consulting projects and I would be more than happy to answer any questions you may have.

Sincerely,

Nick Aceves
